Parrot

Zikmu Solo

Parrot Zikmu Solo by Starck
Advanced Wireless Stereo Speaker Tower

Single Unit Stereo Technology

For optimal stereo output, Parrot Zikmu Solo uses a unique acoustic configuration coupled with a proprietary algorithmic processor. Parrot Zikmu Solo virtually reproduces the stereo sound image of a classic two-speaker configuration.
With three 20W flat-panel speakers and a 40W woofer, Parrot Zikmu Solo delivers a total power of 100W.
The centre speaker is connected to two side panels, sending out a perfectly balanced, natural sound throughout the entire room.

The Magic of Wireless

Integrating WiFi N and Bluetooth technology, Parrot Zikmu Solo allows you to share your music easily. Connect the speaker to your WiFi router to access and share files stored on your PC / Mac / tablet or network drives via UPnP and DLNA protocols.
To make Bluetooth more accessible, Parrot Zikmu Solo incorporates NFC technology, making pairing simple and effortless. Place your Smartphone* next to your Parrot Zikmu Solo and the sound directly transfers from one to the other.

Deep, Rich and Accurate Bass

Parrot Zikmu Solo's patented design allows you to optimise the reproduction of low frequencies. This is made possible by the constant digital analysis and modeling performed by the woofer. Parrot Zikmu Solo corrects natural anomalies of the speaker, minimises harmonic distortion and can reproduce sound down to 30Hz.
The result is an amazing speaker performance using a minimal amount of space.

Full Connectivity

In addition to wireless technologies, Parrot Zikmu Solo offers a wide range of connectivity options. Equipped with an iPhone and iPod dock, Parrot Zikmu Solo lets you listen to your music while charging your devices. A line-in input that is both analogue and optical digital allows you to connect your speaker to any source (TV, stereo, amplifier, etc.). Similarly, the integrated Ethernet port enables you to reliably and securely extend your home network to areas not covered by Wi-Fi.

Application : Parrot Audio Suite

To adjust the various audio settings and browse the audio sources connected to Parrot Zikmu Solo, simply download the free application for iOS. In addition to volume and equaliser control, you can adjust the Parrot Zikmu Solo's audio settings according to the size of the listening room or browse through the different audio sources connected to the speaker.

**Only works with NFC-compatible Smartphones that are equipped with this feature.*

design by STARCK®

Parrot Zikmu Solo,

fusion of extraordinary sound and timeless design

iPhone / iPod dock (4)
Listen to music while charging your device.

Built-in Bluetooth
Version 3.0 is compatible with all A2DP and AVRCP profile devices. Simplified pairing via NFC technology (7).

Wi-Fi 802.11 b/g/n
Fast connection through your router's WPS and rapid synchronisation button (8).

Mixed line-in (5)
3.5 mm analogue stereo and optical S/PDIF.

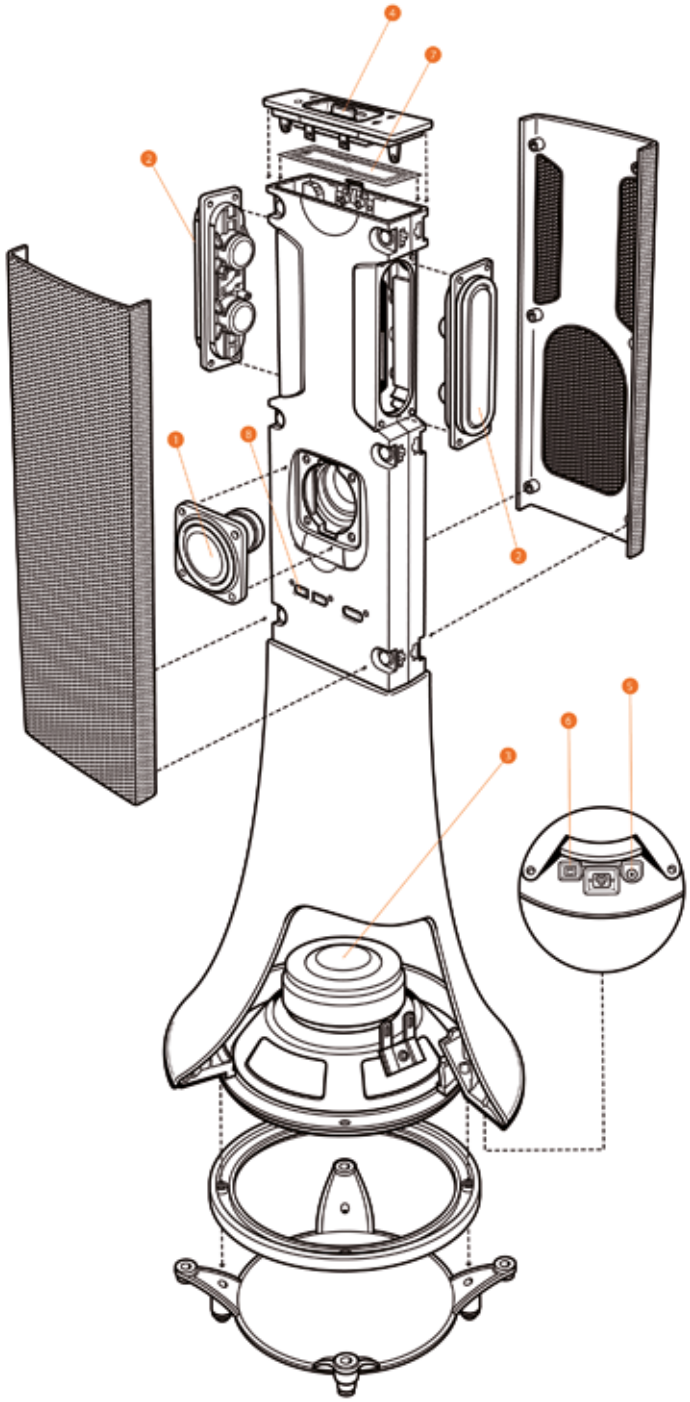
Integrated Ethernet port (6)
For a secure and stable network.

Managed network functions
- UPnP/DLNA compatible
- File sharing (Samba)
- Web server configuration

Frequency response
30Hz-20kHz
Enjoy a sound reproduction down to 30Hz thanks to a Parrot proprietary algorithm.

Three 20W RMS (1.2) flat speakers
Enjoy real stereo with a single unit speaker.

6.5" inch 40W woofer in centre position (3)
Deep and powerful bass.



TECHNICAL SPECIFICATIONS

100W RMS output audio power

Class D amplifier for pure digital sound

2 x 20W side HARP (High Aspect Ratio Panel) drivers: 350Hz – 20KHz

1x 20W central BMR (Balanced Modal Radiator) driver: 350Hz – 20KHz

1 x 40W 6.5" neodymium woofer: 50Hz – 350Hz

Frequency Range: 30Hz – 20kHz

Compatible audio formats: AAC, MP3, LPCM, WMA

Updates via Wi-Fi and Ethernet

Power supply: 115W

DIMENSIONS

Height: 30.79 in. (782 mm)

Base: 12.59 x 11.42 in. (320 x 290mm)

Top: 5.11 x 1.3 in. (130 x 35 mm)

Weight: 13.2 pds (6,2 kg)

MADE FOR

iPod touch (4th, 5th and 6th generation)

iPod classic

iPod nano (2nd, 3rd, 4th, 5th and 6th generation)

iPhone 4s

iPhone 4

iPhone 3GS

PACKAGING CONTENTS

1 Speaker

1 Quick start guide

1 Remote control (battery included)

1 AC power cord

1 Optical Toslink adapter / 3.5" jack

Universal dock adapters for iPhone 4S, iPhone 4 and iPhone 3GS

AVAILABLE COLOURS

Classic Black

Arctic White

Made for iPod iPhone

Bluetooth

NFC

Wi Fi CERTIFIED

UPnP

dlna CERTIFIED
